

C Drop Wire Reel

This light-weight tubular reel provides an easy way to store and unreel drop wire, coaxial or other small diameter cables.

- ▶ Removable outer flange that adjusts to two different widths: 4.25 in. (129.5 cm) or 5.00 in. (152.4 cm)
- ▶ The reel will hold any coil of wire with a minimum 15 in. (457.2 cm) diameter eye and the outer flange has a nominal OD of 25 in. (635 mm)
- ▶ The inner flange is permanently mounted and features an adjustable brake to control the payout speed
- ▶ A built-in handle makes taking up wire a snap
- ▶ Accessory mounting bracket allows the reel to be secured when in a moving vehicle
- ▶ Its durable green finish helps protect against corrosion

The C Drop Wire Reel has been a time tested storage reel for decades. Typical capacity for storage is as follows: It can hold 1,000 ft. (304.8 M) of PE-7 .160 in. x .295 in. (4 mm x 7.49 mm) standard drop wire, 1,250 ft. (381 M) of .140 in. x .275 in. (3.5 mm x 6.98 mm) drop wire or 1,500 ft. (457.2 M) of .130 in. x .220 in. (3.3 mm x 5.5 mm) drop wire.

P/N 75980 C Drop Wire Reel Weight: 38 lbs. (17 kgs)

P/N 75981 Mounting Bracket Weight: 5 lbs. (2 kgs)
