

## DEConnect Presser

This presser is designed to crimp four-, six and eight-position modular plugs, plus six-position DEConnect plugs with the offset tang, too. It features a specially-designed movable die which holds the DEConnect modular plug and nameplate. Extra dies for conventional handset and eight-position plugs are also available.

P/N	Description	Weight
70633**	DEConnect presser w/holster, tool and #6 Die	1 lb. 11 oz.

\*\*This tool (70633) has been modified to crimp the DEConnect (MMJ) modular plugs. With the appropriate dies, it is still compatible to crimp all other types of plugs.

Dies P/N	Description
17064	#4 Die for handset plugs 4 x 4
17065	#6 Die for all RJ11 plugs including: 2 x 6, 4 x 6, 6 x 6 stranded plugs 3PR 24GA solid wire plugs, DEConnect (MMJ) plugs**
17066	#8 Die for RJ45 plugs including: 8 x 8 stranded plugs except those manufactured by AMP 4PR 24GA solid wire plugs
25943	#A6 Die for AMP RJ11 plugs
17095	#A8 Die for AMP RJ45 plugs including those for stranded, solid and shielded wire
17100	#10 Die for RJ45 10 x 10 plugs
17096	#B6 Die for Brand Rex (Unicon™) plugs in an RJ11 configuration
17097	#B8 Die for Brand Rex (Unicon) plugs in an RJ45 configuration
17126	#A6S Die for AMP RJ11 shielded plugs

25672	#T6 Die for Lucent RJ11 shark tooth plugs
25673	#T8 Die for Lucent RJ45 shark tooth plugs

\*\*Requires the presser to be modified at the factory to crimp DEConnect. Each die weighs 2 oz. (.056 kg)

## Modular Plug Pressing Kits

Our completely inclusive pressing kits are a compact, lightweight pressing center that you can carry anywhere, with everything you need to make hundreds of different modular connections.

- ▶ Our standard kit comes equipped with the Modular Plug Presser, three (3) interchangeable dies (#4, #6, and #8), and one 100-count each of the 4 x 4 handset plugs, 4 x 6, 6 x 6 and 8 x 8 non-keyed plugs, and 3PR and 4PR 24GA solid wire plugs
- ▶ Within the case, each component is held within a separate, foam-lined compartment
- ▶ We also offer a special kit which allows you to make DEConnect Crimps. The kit is equipped with the Modified Modular Plug Presser, two (2) interchangeable dies (#6 and #8) and one 100-count of the 4 x 6, 6 x 6 and 8 x 8 non-keyed plugs, the 3PR and 4PR 24GA solid wire plugs and 100 6 x 6 DEConnect plugs.

P/N 15305 Standard Kit weight: 4 lbs. (1.814 kg)

P/N 15300 DEConnect Kit weight: 4 lbs. 9 oz. (2.07 kg)

For someone with the tool in the holster form looking for an easy way to store the plugs, we also offer the case and styrofoam cutout separately.

P/N 15324 ABS Case and Styrofoam Cutout only  
Weight: 1 lb. 7 oz. (.660 kg)
