

Rasp

This 15 in. (381 mm) L lead float has a rounded file for smoothing concave areas, and a flat one for planes.

► Both the width and thickness taper towards one end
P/N 01009 Weight: 8 oz. (23 kgs)

B Carding Brush

C Carding Brush

Carding Brushes

Two models used for cleaning files and preparing cable for soldering or bonding.

B Carding Brush has 10 in. (254 mm) long hardwood handle with textile carding to form a wire brush

P/N 07262 Weight: 4 oz. (.11 kg)

C Carding Brush flexes to reach behind a cable and scuff each side evenly. 15 in. (381 mm) brush won't damage poly covered cable; folds for storage.

P/N 08952 Weight: 6 oz. (.17 kg)

Flat Wiping Cloths

Used for wiping joints in lead covered cable sheath, these cloths are made from bedticking which is finished with tallow and soapstone dressings.

► Offered in 16 different sizes from 2 in. x 2 in. (51 mm x 51 mm) to 12 in. x 12 in. (305 mm x 305 mm), each wiping cloth is furnished individually wrapped

Refer to our website or e-mail the factory for ordering information.

Splicer's Mirror

This brass-framed 3 in. x 3 in. (76.2 mm x 76.2 mm) heavy plate glass mirror lets you see the back side of the connection so you can easily make thorough checks on cable splices or wiped joints.

P/N 74230 Weight: 4 oz. (113.4 g)
