

B Canvas Tray

The ideal accessory for catching any wire clippings you make while you're splicing.

- ▶ Large 18 in. (46 cm) L x 11 in. (28 cm) W x 6 in. (15 cm) D tray
- ▶ Constructed of extra-heavy #6 olive green duck canvas
- ▶ Features reinforced hinged mouth that allows the entire tray to be folded flat for easy storage.
- ▶ Two manila ropes suspended from riveted grommets at each corner allow you to hang the tray from a strand or cable
- ▶ The tray's bottom is reinforced with masonite for a smooth, hard surface
- ▶ Also, three canvas pockets sewn to the outside of the tray — two small ones on one side, a large single one on the other — for holding tie wraps or connectors

Our Signature Bag

Probably the best-looking, hardest-working canvas tool bag your money can buy, this durable beauty can take on the worst treatment you can dish out and survive it in style.

- ▶ It has a strong 20 oz. olive duck canvas body, tough metal frame, heavy machine-lock stitching and welted seams
- ▶ The leather bottom is both cemented and stitched to the canvas body for an extra strong grip
- ▶ Both body and bottom will resist scuffing and fading, and will stay good-looking even after years of use
- ▶ An 8-3/4 in. (22 mm) D x 12 in. (305 mm) W stitched-in pocket on the inside lets you securely stow flat objects, and the opening is reinforced with steel straps and rivets to prevent accidental bending
- ▶ The two leather straps and matching chrome-plated buckles keep the bag securely closed, even when it's loaded with heavy or bulky objects
- ▶ Both of the leather handles are reinforced for easier carrying with less effort and strain
- ▶ 1 in. (2.5 cm) W optional Carrying Strap is made from highest-quality harness leather features plated snap hooks at each end so you can attach it to the two D rings in the bag; a pronged buckle to allow adjustment of the strap's length from 38 in. (96.5 cm) to 41 in. (104 cm); and a 2-1/2 in. (64 mm) W x 10 in. (254 mm) L slotted leather pad to help distribute the weight of the bag evenly across your shoulder — the pad can slide to any position along the strap
- ▶ Two D rings are provided for attaching the optional Carrying Strap
