

### CB Pole Trailing Drawbar

The CB Drawbar serves the dual purpose of both a drawbar and load binder. Two standard lag screws or bolts are required (not supplied). They are inserted through the holes drilled in the drawbar channel, securing the drawbar to the king pole. The remaining poles loaded around the king pole are lashed securely to the king pole with the cable of the pole binder; an operating lever is supplied.

- ▶ The CB Drawbar is designed for heavy duty service and is supplied with a heavy drop forged pintle ring
- ▶ Use pole and drawbar combination when hauling extra long poles on trailers not equipped with extension tongues
- ▶ Length: 45 in. (13.7 M)  
 Pole Binder Cable: 5/16 in. x 8 ft. (7.93 mm x 203.2 mm)  
 Pintle Ring I.D. 2-5/8 in. (66.6 mm)  
 Pintle Ring O.D. 5-5/8 in. (142.8 mm)  
 P/N 08137 Weight: 88 lbs. (40 kgs)

### Portable Pole Binder

The Portable Pole Binder was designed to bind several poles to a pole trailer. This cinching device features ratchet type action with a spring loaded pawl to prevent accidental pull-outs. The drum holds 18 ft. (5.48 M) of 5/16 in. (7.93 mm) wire rope for binding as many as six average-size poles at one time.

P/N 81390 Material: Cast Steel  
 ASTM A27, Class 65-35.  
 Weight: 21 lbs. (10 kgs)
