

### Cable Block Frames

Used to support either the E Cable Block (74050) or Self Support Cable Block (70200) when pulling in pre-lashed or self support overhead cable.

- Five frames to choose from for various pulling situations

Select the frame you need from the table below, then add the number of blocks required for installation.

| P/N   | Description | Application                                  | # Blocks | Weight           |
|-------|-------------|----------------------------------------------|----------|------------------|
| 74060 | B Frame     | End Poles                                    | 1        | 7 lbs. (3 kgs)   |
| 74061 | C Frame     | In Line Poles                                | 1        | 6.5 lbs. (3 kgs) |
| 74062 | D Frame     | Light inside corners (4 ft. to 8 ft. pulls)  | 1        | 12 lbs. (5 kgs)  |
| 74063 | E Frame     | Heavy inside corners (8 ft. to 50 ft. pulls) | 2        | 22 lbs. (10 kgs) |
| 74064 | F Frame     | All outside corners (4 ft. to 50 ft. pulls)  | 2        | 31 lbs. (14 kgs) |
