

Grate Lifter

An ingenious tool designed specifically for lifting hinged grates used over sidewalk transformer vaults and subway access. This tool has a foldaway hook which engages with the grate and allows one person to pull open the grate without bending over or lifting. Hook folds into the handle for storage.

P/N 70160 Grate Lifter Weight: 7.9 lbs. (3.5 kgs)

Manhole Cover Bolt Wrench

Specifically designed for use on Manhole Cover Bolts, this wrench has a pentagonal socket at one end that fits over the head of our manhole cover bolts, and a 3/4 in. (19 mm) hole at the other end.

- ▶ Hole in wrench allows use with a rod or hook-end of spinning wrench
- ▶ Long corrosion-free life assured by construction of heat-treated steel with a cadmium plated finish
- ▶ 1-3/16 in. (30 mm) dia. x 2 in. (51 mm) long

P/N 08454 Weight: 4 oz. (.11 kg)

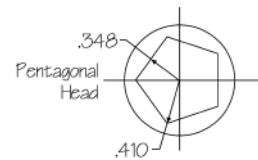

Manhole Cover Bolts
