

Manhole Guard Rail

This high-quality guard helps protect field crews when working in and around manhole vaults.

- ▶ Each guard folds into a compact 2-1/2 in. (64 mm) x 33-1/4 in. (844 mm) rectangle, yet opens easily into a large 32 in. (813 mm) wide by 32 in. (813 mm) deep x 42 in. (1070 mm) high cube
- ▶ Each guard has a bright yellow enamel finish for extra safety and has welded to the frame two D rings for attaching our Splicer's Combination Tent (70229)

This guard provides considerable versatility for protection and safety around manholes. Along with our Splicer's Combination Tent the guard is compatible with our Umbrella Tent (17020). See Tents section.

For additional visibility we offer our E Warning Mast (70015), Warning Mast Adapter (07628) and D Warning Flags (76531) which provide over 10 ft. of visibility.

P/N 06867 Manhole Guard Rail Weight: 40 lbs. (18 kgs)

Splicer's Seat

This solidly constructed wooden box is used as a combination seat and tool box that you can rotate to get any one of three different seat heights: 12 in., 15 in. or 18 in. (31 cm, 38 cm, or 46 cm).

- ▶ The opening lets you stow your tools while you splice, but keeps them from falling out
- ▶ Each corner is reinforced for extra structural support, and the top and side hand holes make for easy carrying of your box from one site to the next

P/N 07186 Weight: 15 lbs. (6.8 kgs)
