

The NEW one-hand installation, self-closing Come-along Pocketbook Grips from General Machine Products

NEW Lightweight Pocketbook Come-Along Grips from General Machine Products (GMP) are engineered to deliver exceptional durability with unmatched ease of use. Constructed from high-strength 6061 aluminum, GMP grips are up to 40% lighter than competing products, helping reduce user fatigue during handling and installation.

Featuring a patent-pending self-closing design, these innovative grips enable fast, one-handed installation. Simply snap the grip onto the line and tighten—eliminating the awkward, time-consuming process required by traditional come-along grips.

By combining lightweight construction, rugged performance, and intuitive operation, GMP Pocketbook Come-Along Grips set a new standard for efficiency, safety, and convenience in the field.

Weight reduction-competition is 40% heavier!

*One-hand installation
Innovative self closing hinge*

4 BOLT SPRING LOCK GRIP FEATURES:

Weight: 7.5 lbs (3.4kg)

Dim: L: 20 in. W: 3.5 in. H: 5 in.

Max tension limit: 5,000 lbs or 50% of rated strength of conductor, whichever is smaller.

Sizes: .380-.859 inch dia.

Bolt size: 1/2 inch steel

Bale: 3/8 inch steel

Final Torque: 40 ft-lb

Body: 6061 aluminum

Heavy duty clamping springs
