# REELRUNNER

## STOP BUYING EXPENSIVE CABLE REEL TRAILERS

Turn any standard cable reel trailer into a powered reel system instantly

*Battery Mount Optional*

### Complete Kit Includes (P/N 50000)

Motor Assembly • Mounting Assembly • Battery • Battery Cord • Charger • Wireless Remote

*Wireless Remote*

**Work Smarter Not Harder**

## Move Cable Faster. Work Smarter

- Save thousands per month in labor costs
- Same crew more output, less fatigue
- One unit works across multiple trailers

**Key Features & Benefits**

- **Drive System Type:** Battery-powered reel drive system
- **Primary Application:** Cable payout from non-powered reel trailers
- **Secondary Application:** Spooling loose cable back onto reel
- **Battery Type:** LiFePO4 **Battery Size:** 48V, 40Ah
- **Runtime:** Application dependent; field use has demonstrated full-day operation on a single charge in many installations
- **Charge Time:** Approximately 5 hours with included 8A charger, 2-1/2 hours with 15A charger (sold separately; P/N: 71496)
- **Maximum Wheel Speed:** Up to 125 RPM with 12 in drive wheel
- **Payout Speed:** 300+ ft/min (72-inch reel)
- **Pull Force:** 400 lbs (72-inch reel)
- **Maximum Torque:** 160 ft lbs
- **Maximum Force:** 320 lbf
- **Approximate Traction Force:** 125 lbs
- **Trailer Compatibility:** Structural tubing from 2 in x 2 in to 2 in x 6 in; angle iron members may be adapted with blocking
- **Reel Diameter Capacity:** Up to 8 ft diameter
- **Reel Construction:** Suitable for steel or wood flanged reels
- **Reel Weight Capacity:** Capable of driving reels weighing several thousand pounds depending on reel diameter, load distribution, shaft condition, and related field conditions; estimated 6,000 lbs.
- **Motor Assembly Position Range:** 3-12 inches from inside edge of trailer frame
- **Operating Noise:** Nearly silent operation
- **Kit P/N 50000 Includes:** Motor assy, Clamping base assy, wireless controller, battery and charger, attachment hardware and power cord
- **Make figure-eight fiber staging easier**. Cruise control keeps cable paying out at a steady speed, so no one needs to pull cable off the reel or manage payout speed.

**ReelRunner™ transforms your existing equipment into a high-efficiency system–without the high cost**

## Technical Specifications

**Drive System Type:** Battery-powered reel drive system

**Battery Type:** LiFePO4

**Battery Size:** 48V, 40Ah

**Charge Time:** Approximately 5 hours with 8A charger

**Max Wheel Speed:** 300 ft/min with 72-84 in. Reel Diameter speed variable based on the remaining cable or duct on the reel.

**Motor Torque:** 160 ft-lbf

**Pull Force: Up to** 700 lbs. with 72in. Reel Diameter. Force based on remaining cable or duct on the reel plus reel diameter.

**Trailer Compatibility:** Structural tubing from 2 in x 2 in to 2 in x 6 in; angle iron members may be adapted with blocking

**Reel Construction:** Suitable for steel or wood flanged reels.

**Reel Weight Capacity:** Capable of driving reels weighing 8000 lbs. depending on reel diameter, load distribution, shaft condition, and related field conditions

**Drive Wheel Position:** 3 in to 12 in from inside edge of trailer frame

**Operating Noise:** Nearly silent operation

**Max Wireless Operating Range:** 250 ft (76M)

## Components Included

**Motor Assembly** P/N 01270
**Motor Assembly W/Control** P/N 01409
**Base Assembly** P/N 01302
**Base Assembly W/Hardware** P/N 01411
**Battery, 48V 40Ah** P/N 71492
**Power Cable** P/N 71494
**Battery Charger, 48V 8A** P/N 71495
**Wireless Trans/Receiver** P/N 70023

## Optional Accessories

**Battery Bracket Kit** P/N 50001
**Replacement Wheel** P/N 01389
**Speed Control Foot Pedal** P/N 71800
**Speed Control Trigger** P/N 71493
**Battery Charger, 48V 15A** P/N 71496
**Accessory Kit** P/N 50003

## Overall Dimensions

**Height:** 17 in. (432mm)
**Width:** 19 in. (483mm)
**Length:** 24 in. (610mm)
**Weight:** 100 lbs.(Combined)
